

October 2025 – Garden Gatherings.....

October Talk – Late perennials by Don Witton. Don gave us an interesting and engaging talk on the many late flowering perennials we can add to our gardens to bring a burst of last-minute colour. He shared a wealth of knowledge on varieties that thrive well into autumn, explaining how they can keep borders looking vibrant long after summer blooms have faded. His presentation was brought to life with a wonderful selection of photographs, showcasing the plants at their best and giving us plenty of ideas and inspiration for our own gardens. To top it off, he also brought along a selection of plants for sale, which our audience were more than happy to buy. Many people went home with something new to try in their gardens and we all went home with a smile on our faces.

STEMS - Unfortunately there are no stem photos to share this month, as only a few people were able to bring one in. Perhaps we'll try again in the spring, when there should be plenty more to choose from.

We look forward to welcoming members and friends as we come together for our Christmas lunch. Please remember that food choices and deposits need to be in by 20th November. If you haven't already had an email from Sue then please get in touch

Ideas and inspiration wanted!

We are always on the lookout for fresh ideas for our talks, demonstrations and garden visits.

Is there somewhere that you've been, or perhaps a place you'd love to visit as a group? Maybe you've seen a speaker or demonstration that would be perfect for our club?

Please share your suggestions – we'd love to hear them!

Your ideas help keep our programme interesting, varied, and full of inspiration for everyone.

Email your suggestions to darleydalehs@gmail.com or talk to one of us at our meetings.

November talk – Gardens of the Italian Lakes.

We'll chase away the November chill with a trip (in spirit!) to the sunny Italian Lakes – join us as we explore the beautiful gardens and pick up plenty of inspiration along the way.

Our garden club is nothing without its members, and we're so grateful for your continued support.

We hope you'll join us for an exciting programme of events throughout the rest of 2025 and into 2026

A huge thank you to all those who have helped at the meetings, to set up, pack away provide raffle prizes, provide refreshments and of course wash up.
